Opportunities Recognized by Arc of Dane County

Opportunities, Inc. donated its Madison facility to The Arc of Dane County again this year for the organization's annual fruit sorting event. Numerous volunteers from The Arc of Dane County sorted various kinds of fruit to fulfill the large number of fruit orders that were taken prior to the event. Similar to Opportunities, The Arc of Dane County supports individuals with developmental disabilities and their families to ensure that children and adults with disabilities receive the same type of opportunities and rights as the rest of the community. Opportunities, Inc. was proud to serve the community by collaborating with The Arc of Dane County through sharing our Madison warehouse in order to help fulfill their needs.

In appreciation of Opportunities' continued support of their fruit sale, The Arc selected Opportunities to receive a Special Recognition Award for 2010. The award was presented to Linda Branson, Director of Community Support Services, at The Arc's Annual Awards Banquet in April. The entire organization of Opportunities, Inc. is very proud to have been recognized with this very prestigious award and will continue to show support for this annual event in the years to come.
