

***“Breaking down Barriers to Employment”!***

Opportunities, Inc. President, Barb LeDuc exemplified the agency’s mission as she initiated demolition of buildings marked to be renovated in phase 2 of the remodel and renovation project currently underway at the Fort Atkinson location. Upon completion, the facility will add over 30,000 square feet of production floor and warehousing space, which will significantly impact the training and employment opportunities for the nearly 2000 individuals that receive services from Opportunities, Inc. on an annual basis.
