- Work experiences/ internships
- Job development
- Benefit analysis
- Job coaching

“ I was impressed on how well prepared the interviews were and how they presented themselves during the tour. Interviewing for jobs is a difficult process as in most cases it’s hard to toot your own horn, but it becomes more comfortable with experience. I just hope the students took as much away from the experience as I was able to gain from it. ”

- Kevin Kostroski, Production Manager, Jones Dairy Farm

▶ 15 Years Program Success!

“ I enjoyed practicing my interviewing skills and being given feedback on improvement. The best part of the company tour was meeting the executives and learning all the steps in making the products. ”

- Terry Frye, Student

▶ Over 500 Students Served!

“ Opportunities, Inc. has been an outstanding resource for the students in the School District of Waukesha. This collaboration has benefitted our students’ transition to life after high school and especially employment. We are grateful for the partnership. ”

- Bruce Massman, Special Education Coordinator, School District of Waukesha
